ALL MEDIA FOR IMMEDIATE DISTRIBUTION - CITY OF WARREN - MAYOR FOUTS  
APPEALS FOR FUNDRAISER THROUGH GOFUNDME FOR YOUNG WARREN RESIDENT

Good afternoon,

(FROM MAYOR FOUTS)

Fundraiser for Aaron Wright age 11 - GoFundMe Page Below:

At age 2 in 2010 Aaron suffered a severe brain injury when a building that he was in collapsed. Afterwards he was near death and has had 19 surgeries as a result of his brain injury. He is a very loving and happy little boy. This good attitude despite the fact that he now suffers from hydrocephalus. He has a drain tube from his head that runs to the end of his spinal cord and then drains to his stomach. His father Michael suffers from emphysema and COPD and recently found a spot on his lung. His mother was going to school but had to stay home to take care of her four children. His mother, Christina, is a super mom!

Their lawsuit against the building only resulted in a \$50,000 settlement by a high profile attorney. Aaron needs at least \$10,000 for additional medical care. This is a good Warren family and they live in South Warren. If ever there was a good reason to give to a great cause this is such a cause. Attached are a few photos from Aaron's visit with me a few weeks ago. The link below has additional information for Aaron. He is a great kid and I will be giving a donation too! Please consider Aaron and his Warren family, as any donation could help make a difference!
