Landlord Tenant Act (LTA) Fees

Effective July 1, 2013, service fees are being implemented to offset the ever increasing cost of maintaining the Landlord Tenant Arrangements through the City’s Water Rate Fee Schedules. These fees were approved by the City’s Administration and the City Council. The new fees now place the sole responsibility on those who generate them and not burden the City’s rate payers for these unwarranted services. These fees will only apply to new LTA applications as of July 1, 2013.

The following is the new fee structure:

• **Landlord Tenant Affidavit** $120.00
  
  o The fee includes affidavit preparation, all supporting documentation, deposit determination, receipts, notarization, and closing processing for the agreement and termination of the agreement at the conclusion of the contract time period.

  o The tenant is responsible for the deposit arrangement. A minimum security deposit of 6 month average usage or $200.00 is required whichever is greater. Any unused security deposit will be refunded at the termination of the agreement to the deposit payer.

  o The landlord is responsible for paying the non-refundable $120.00 affidavit processing fee and the final bill.

• **Landlord Tenant Renewal** $45.00
  
  o If the Landlord and Tenant so elect to renew their agreement, the City’s Water Division will prepare the required changes to continue the agreement for additional time period.

  o The tenant is responsible for paying any balance on the account at the time of renewal.

  o The landlord is responsible for paying the non-refundable renewal fee of $45.00.
