Why Warren Mayor Jim Fouts Is Offering Free “No Peddlers” Window-Door Stickers (Enclosed)

“Frequently, I receive complaints from Warren residents complaining about individuals ringing their doorbells at various times selling items. Many residents consider this bothersome and even a nuisance.

“Even though some peddlers may have a valid license from the city to solicit their items, this window or door sticker will hopefully stop them from bothering the residents who object and also stop the practice of peddling printed advertising materials at their residences and littering neighborhoods. Peddlers without a license are in violation of Section 24-31 of the City’s Code of Ordinances.”

For free stickers call the Mayors office at 586-574-4520.
