Congratulations To The Citizen Of The Month Greg Austin

Greg is a helpful citizen to the seniors in the neighborhood. He always plows everyone’s driveways during the winter and takes care of the landscaping and gardens in the summer. He’s always there when you need him with any help whether it’s around the house or just some yard work. Greg is an incredible man and a great asset to the community.

Macomb Intermediate School District Secondary Autism Program

The MISD Secondary Autism Program, provides educational services for students residing in Macomb County between the ages of 6-26. Programs are available to students who are referred to our program from all 21 local school districts within Macomb County.

Our PTO hosts, co-hosts or assists various events for student and family fun and/or informational sessions throughout the year. Our goal is to offer monthly activities for student and families. Hosting these events requires financial assistance to fund activities and needed resources. We are seeking donations to help fund these activities. Volunteers to help with events and support social gatherings are needed as well.

For more information about our program, please contact PTO community business liaison Michelle Dubiel at (586) 808-1988 and for fundraising contact Penny Dooge (586) 601-6201.

**NO SPILLS
AT THE
PUMP**

Use an absorbent bib or collar, available at most boating shops, to collect any spills during refueling. Wipe up any drips from re-fueling. The Coast Guard recommends filling tanks to 90% to allow for expansion due to heat, and to prevent overfills.

**DEALING
WITH
SPILLS**

Immediately report any spills to the marina. In open waters, call the U.S. Coast Guard National Response Center (1-800-424-8802). Never use dish soap or detergent to break up a spill, as that just disperses the oil or gas, making it harder to collect. Spill responses will vary depending on location, material, and amount spilled.

**BLACK
WATER**

This is the sewage from your on-board bathroom. While there are various systems available, dumping them directly into the lake is always illegal. Systems should be checked for leaks and manufacturer's guidelines must be followed.

**GRAY
WATER**

Untreated water from your onboard sinks and showers, and the wastewater from cleaning your boat with detergents is a major polluter of the marine environment. Use care to prevent gray water from impacting your local waters and wildlife.

**WASTE
DISPOSAL**

Marine debris not only harms important habitats and wildlife, but also can cause damage to your boat. Prevent waste from entering our waterways by: reducing, reusing and recycling. Remember to take everything you bring on the water, off the water.

**CLEAN
WATER**

Remember, eventually all the water poured down drains will drain out into the Clinton River and Lake St. Clair. We can all do our part by being aware of our relationship to our fresh waters!

Sixteen homes will receive an award which includes a yard sign and dinner with the Mayor. Let us know about spectacular homes worthy of an award by contacting Marilyn at awards.wbc@gmail.com or call or send a text to 586-925-9182. Be sure to include the name of the homeowner/renter and the address and zip code of the property. All nominations will be considered for an award. We are extending the submission deadline to July 25.
