City of Warren Breaks Ground on Two Fire Stations Dec. 21

Warren, MI (Dec. 18, 2023) – Warren Mayor Lori M. Stone is proud to announce the ground-breaking of two new fire stations on Thursday, Dec. 21, at 11 a.m.

The site for Warren’s new Fire Station 1, 23232 Van Dyke, north of Nine Mile Road, is next to the Civic Center South complex and completes the final phase of that project. Warren’s new Fire Station 5, 30619 Schoenherr Road, north of Common Road, replaces the outdated station located at Hoover and Common Roads.

Relocating Fire Station 5 enables the department to better serve the northeast quadrant of Warren, which has the highest call volume. Both stations will have similar layouts and updated amenities, such as separate sleeping, living, and cooking quarters. The stations will also have dedicated decontamination rooms where firefighters can safely remove and clean their gear.

The ceremonial groundbreaking for both fire stations is at the site of Warren Fire Station 1, 23232 Van Dyke, north of Nine Mile Road. The ceremony is open to the public.
