SPECIFICATIONS FOR SITE CONDOMINIUM SUBDIVISION FINAL PLANS

Section 4B.07 – Planning Commission Review.

Pursuant to authority conferred by Section 141 of the State of Michigan Condominium Act, Act 59 of 1978, as amended, MCL 559.101 et seq., all site condominium subdivision plans shall require approval of the Planning Commission before units may be sold or site improvements initiated. The public hearing and site plan review provisions of Section 22.16 shall apply where applicable. An application for site plan review shall be submitted to the Planning Commission. The Planning Commission shall follow the procedure for review of site condominiums as adopted by the Planning Commission in its *"Rules of Procedure – Standards and Policies"*.

Final plan review. Upon receipt of preliminary plan approval, the applicant shall prepare the appropriate engineering plans and apply for final review by the Planning Commission. Final plans shall include information as required by items 1 through 8 of Section 4B.03 of the Zoning Ordinance. Such plans shall be reviewed by the City Attorney and the Engineering Division. Further, such plans shall be submitted for review and comment to all applicable local, county, and state agencies, and public utilities as may be deemed necessary by the City of Warren. Final approval shall not be granted until such time as the applicable agencies have reviewed said plans and report any findings to the Planning Commission.

(Ord. No. 30-862, § 2, 4-9-96)

Section 4B.03 – Site Plan Review.

All condominium subdivision plans shall be submitted pursuant to site plan review provisions of Section 22.16 of this Ordinance and Section 66 of the State of Michigan Condominium Act, Act 59 of 1978, as amended, MCL 559.101 et seq., and include the following additional information:

1. A survey of the condominium subdivision site;
2. A flood plain plan, if the condominium site is within or impacted by a flood plain area. Each development shall meet or exceed the requirements of Article XXI-C Flood Hazard District;
3. A plan delineating all natural features on the site, including, but not limited to, ponds, streams, lakes, drains, flood plains, wetlands, and woodland areas;
4. The location, size, shape, area, width, and horizontal boundaries of all condominium units. A corresponding unit number shall be included and all common areas designated. The location of all proposed units shall be specified;
5. A copy of the Master Deed and a copy of all restrictive covenants to be applied to the project;
6. A utility plan showing all sanitary sewer, water, and storm drainage improvements, including all easements granted to the city for installation, repair, and maintenance of all utilities;
7. A street construction, paving, and maintenance plan, certified by a professional Engineer, for all streets within the proposed condominium subdivision plan;
8. A storm drainage and storm water management plan, including all lines, swales, drains, basins, and other facilities.
