

PRESS RELEASE

Beyond the Badge - Warren PD supports injured officer's son at local hockey game

The Warren Police Department is proud to showcase the heart and spirit of our officers, especially during the Holiday Season when it involves one of our own. Just two weeks ago, one of our Warren PD family members, Officer Nick Kott, suffered a critical injury. Nick, a proud member of this Department and a hockey enthusiast, remains in critical condition at the University of Michigan Hospital with his wife, Holli, and their 7-year-old son, Jack, by his side while he fights to improve.

For the Kott family, hockey is more than a sport. It is a passion, a bond, and a tradition. Nick has played, coached, and refereed hockey throughout his entire life. Jack, ever eager to follow in his father's footsteps, has played hockey with his teammates on the Lakeland Hawks Hockey Team. Last night, we all knew that Nick would have been at Jack's game as the Lakeland Hawks faced off against the Trenton Trojans. To honor Nick's spirit and to support Jack, over 40 officers and dispatchers, on their own time, filled the stands at the Mt. Clemens Ice Arena. Together, we cheered on Jack and the Hawks to an amazing victory! Celebrating this victory with Jack was a truly amazing experience for everybody involved.

It is often said that law enforcement is a family. Last night, the men and women of the Warren Police Department showed what family means to us. This is what we do, this is who we are, and this is what we stand for. We come together to support each other when one of us is down and hurting.

If you're willing to support the Kott family, you can donate via the GoFundMe link below. You may also send a check payable to the "Warren Police & Fire Benevolent Association" at the Warren Police Department, 29900 S. Civic Center Blvd, Warren MI, 48093, ATTN: Police Administration. We thank you for your continued support for Nick and his family!
